Employer Agreement and Certification

I understand that my employees in the work-share program will receive unemployment benefits while they are working fewer hours. I will be charged for those benefits, and that could affect my unemployment insurance premium rate. During the work-share program:

I certify that:

- The union(s), if any, has agreed to the work-share plan.
- I am using the work-share program instead of temporarily laying off employees in the affected work unit or company by at least the same amount of work hours that will be reduced through this work-share plan.
- I will not employ additional employees in the affected work unit or company.
- I will implement my plan within State and Federal Laws

I agree that:

- I will not get rid of or reduce employees' benefits that I currently provide. These include health insurance, retirement/pension benefits, vacation pay and holidays, sick leave, and any other similar benefits I normally provide.
- My employees in the work-share program will not receive more than a total of 26 weeks of unemployment benefits.
- I will send reports about the work-share plan if you ask for them.
- I will ensure that all my premium/wage reports are paid and submitted up to date.

The information provided is true, correct, and complete to the best of my knowledge and belief. I understand there are severe penalties, including fines and jail, for not telling the truth.
